

2026 Annual Report

Partnering with God

in the restoration of Latin America

Free Methodist
ministry support
in Latin America

We develop Healthy Leaders who Multiply Disciples, Groups & Churches and Empower them for Holistic Transformation.

With Raíces, our discipleship materials that reaches over **3,000 children**, the new diploma program serving **28 youth leaders**, and the ministerial formation program, with **686 participants**, we develop healthy heads, hearts and hands beginning at age 3.

We rejoice that nearly **1,100 people** are participating in pastoral care groups!

Through the Community Church Planting movement **an average of 5 people per day accepted Christ** in 2024. By year's end, over **8,300 people** were being discipled in **1,116 Houses of Peace**.

We love people and work together with the community to meet their needs. There are currently **96 transformational initiatives** taking place throughout the region that serve **7 different sectors** of society.

Our core values shape how we work and interact with one another. In 2025 God has invited us to fully **Depend on the Holy Spirit**. It is revolutionizing the way we serve as we strive to become a community of discernment.

Exciting Opportunities to Partner in 2025 & 2026
